

Accelerated Master’s (Undergraduate-Graduate) Degree Election Form

Rackham accelerated master’s programs, also known as AMDP, CUGS, and SUGS, promote greater enrollment of qualified undergraduate students in certain master’s programs by making it possible for students to pursue combined undergraduate-graduate degrees.

The program must be recorded on the election form in an attempt to avoid any difficulties before the student enrolls in the program. Both advisors must approve any changes in course elections or substitutions, and a new approved and signed form must be sent to Rackham Academic Records and Dissertations (OARD) for review and final approval.

Applicants submit the Rackham application (for students who have never enrolled in Rackham), the application fee, required credentials, and election Form. Each program has a minimum cumulative GPA Contact the program for more information.

Students earning **dual bachelor's degrees are not eligible** for an accelerated master’s program.

Students must enroll in Rackham within 12 months of graduation. Occasionally, students may have up to six credits of the undergraduate program outstanding upon enrollment in Rackham. The undergraduate degree should be awarded as soon as the requirements are met.

Registration Requirements
